Sri Lanka China Journalists' Forum

Dear sir,

We are truly shocked and saddened to learn that heavy casualties were caused by a series of blasts in Sri Lanka's capital Colombo and other cities on April 21. On behalf of the media workers in China, we express deep condolences to the victims and sincere sympathy to the bereaved families and the injured. We also express our concerns to all the media workers in Sri Lanka.

Friendly ties between China and Sri Lanka go back a long way. We will call on the Chinese media of all kinds to cover the relevant news in Sri Lanka objectively and fairly, and show to the Sri Lankan people that the Chinese people stand firmly with the Sri Lankan people and resolutely support Sri Lanka in safeguarding its national security and stability.

We hope that Sri Lanka will regain the peace and prosperity soon.

Sincerely yours,

All-China Journalists Association
